

# ATIS 2014

International Conference on Applications and Techniques in Information Security 26-28 November, Melbourne, Australia http://atis2014.tulip.org.au

### **CALL FOR PAPERS**

ATIS 2014 focuses on all aspects on techniques and applications in information security. The purpose of ATIS is to provide a forum for presentation and discussion of innovative ideas, research results, applications and experience from around the world.

The annual ATIS conference highlights new results and activities in the design and analysis of digital security hardware and software implementations. ATIS provides a valuable connection between the theoretical and implementation communities and attracts participants from industry, academia, and government organizations.

As well as a single track of high-quality presentations, ATIS 2014 will offer invited talks, hands-on training in a computer lab, digital competitions and a special school for PhD and Master students.

- ATIS2014 proceedings will be published by Springer's *Communications in Computer and Information Science Series*, all papers will be indexed by DBLP, Google Scholar, EI, etc.
- Selected papers accepted and presented in the ATIS2014 will be invited for the special issues of some SCI-indexed journals, including *Concurrency and Computation: Practise and Experience* (SCI-indexed, ERA2010 rank A)

### **Important Dates:**

- Paper Submission Due: 24/08/2014
- Author Notification Due: 14/09/2014
- Camera Ready Copy Due: 20/09/2014
- Conference Date: 26-28/11/2014

## Areas of Interest (not limited to):

- Attacks against Implementations
- Data Privacy
- Tools and Methodologies
- Vulnerabilities
- Curbing Cyber-Crime

#### **Submissions:**

- All papers will be double-blind reviewed by the Program Committee on the basis of technical quality, relevance to ATIS, originality, significance, and clarity. Papers must be submitted in PDF format through <a href="https://cmt.research.microsoft.com/ATIS2014">https://cmt.research.microsoft.com/ATIS2014</a> with a maximum of 12 pages and be written in English.
- Authors should use the Springer LNCS/LNAI manuscript submission guidelines for their initial submissions (found at http://springer.com/computer/lncs?SGWID=0-164-6-793341-0)
- Submitted papers must be fully anonymous, with no author names, affiliations, acknowledgments, or obvious references. They must not substantially overlap with papers that have been published or that are simultaneously submitted to a journal or a conference with proceedings.
- Submission of a paper is regarded as a commitment that, should the paper be accepted, at least one of the authors will register and attend the conference to present the work.

#### **General Chair:**

• Professor Lynn Batten, School of Information Technology, Deakin University, Australia.

#### **Program Committee Co-Chairs:**

- Dr. Gang Li, School of Information Technology, Deakin University, Australia.
- A/Professor Wenjia Niu, Institute of Information Engineering, Chinese Academy of Sciences, China.
- Prof. Matthew Warren, School of Information and Business Analytics, Deakin University, Australia.

#### **Associated Events:**

- ATIS-SCHOOL: Workshops will be available on November 26 and 27 covering *Android Attacks and Data Leakage* and *Wireless Personal Area Network Vulnerabilities*.
- ATIS-CUP: A competition will be published.
- ATIS-AWARDS: Best paper awards will be made.
